

South Carolina Law Enforcement Division (SLED) Background Check Information

All students who participate in lab experiences through Midlands Technical College must show proof of a SLED background check. If you are currently working in a child care program, please ask for a copy of your background check and place this in your own folder to take with you when attending lab sites (along with your Medical Statement and Staff Health Assessment forms).

If you have not received a SLED background check, you need to go on the SLED website at www.sled.sc.gov. This may **not** be done in person. A non-refundable fee of \$25.00 is required.
